Goal by Stark Beats Celtics in Cup Tie

Scottish-Americans Win Soccer Title by the Only Point Scored.

BOTH ELEVENS PLAY A WHIRLWIND GAME

Work of Mather and McGreevey for Brooklyn Team in the A. F. A. Fixture.

Close to 5,000 soccer fans saw the Scottish-American eleven defeat the Brooklyn Celtics in the final round of the American Football Association cup at Bartlett's Oval, in Newark, yesterday by a score of 1 to 0. The lone goal was tallied after seventy minutes of play.

The Brooklyn Celtics kicked off, but were placed on the defensive in the first half. A brilliant shot by Archie Stark, who later scored the winning goal, placed the Brooklyn team in jeopardy. Mather was equal to the occasion with a splendid stop.

Mather did much good work for his team. McGreevey also showed well back for the Scots. The Celtics' backs and halfbacks saved the situation on their side on more than one critical occasion. McGreevey's work in particular standing out above the rest.

After the restart Campton, of the Celtics, was the first to force a corner, but the Scots again took matters in hand, and Hemesley sent in a hot shot that came within an ace of doing damage. King, of the Celtics, essayed a try for goal, which Knowles negotiated nicely. The ball rebounded and McGreevey found the net, but was ruled offside.

Twenty-five minutes after the restart Archie Stark, flanker of the Scots, sent home a shot that yielded a winning score.

It was no disgrace for Mather to miss his shot, but the Scots suddenly hurried at him with a bunch of players, giving him no chance to get sight of it. Five minutes later another determined attack was made upon the Celtics' goal on the right, but the defense held.

The Brooklyn eleven then pressed in, but their shooting was too wild. A stiff bombardment of the Jersey goal which followed Flanagan, the Scots' right halfback, was badly hurt to the knee, and thereafter the visitors played practically on the halfback's hobbled back upon the right, but could do little to help his side. This took away the last vestige of hope the Celtics had of tying the game.

Three-up follows:

Team	Goals	Assists	Points
Scottish-Americans	1	1	3
Brooklyn Celtics	0	0	0

The line-up follows:

Team	Goalkeeper	Halfbacks	Forwards
Scottish-Americans	McGreevey	Stark, King	Mather, Campton
Brooklyn Celtics	Knowles	Flanagan, Hemesley	Archie Stark, Mackintosh

The Overseas Wanderers and the I. T. Strollers played a drawn game of goal at Hedy Field. Kidd scored a point for the Overseas eleven and both scored the equalizing tally for the Strollers.

The White Rose F. C. took the championship eleven into camp yesterday at a score of 4 to 0. The Scots were Nathaniel Loughlin, Alf and Alfard. A large and enthusiastic crowd witnessed hostilities.

The Clan Macdonalds, of Brooklyn, took the title of the Yankees Football Club at Tibbets Field, in Yonkers, and played to a tie at a goal. Laurie scored the first goal for the home team in the opening period and Macdonalds led 1 to 0. Fred, Barron and Glick took the goals for the winners and Macdonalds scored a penalty for the tie.

The Fulton Athletic Club soccer eleven took the team of Our Boys Football Club into camp to the tune of 3 goals at a New York State League championship game last week. Macdonalds played at Woodside, Long Island. At half time the home team led 1 to 0. Fred, Barron and Glick took the goals for the winners and Macdonalds scored a penalty for the tie.

Ethel Barrymore and her company, which played in "The Shadow" for several months at the Empire Theatre last night, came down to the East Side last night.

The Neighborhood Playhouse, at 466 Grand Street, was crowded to the doors with persons who enjoyed the performance, and the reserved had to be called from the Clinton Street station to take charge of the crowd of 500 who were unable to get into the theatre. Those who saw the performance reported it as something of a treat for the East Side.

WRESTLING TITLES

NOW IN BALANCE

Defeat of Jenkins, Champion of Two Classes, Surprise of Tourney at Fair.

San Francisco, April 18.—The final rounds of the national amateur wrestling tournament conducted under the direction of the Amateur Athletic Union in connection with the Panama-Pacific Exposition will be held here to-morrow night. Winners of the eight classes will receive the title of national champions.

Many Eastern wrestlers took part in the semi-final contests last night. One of the surprises was the elimination of the national champion, H. H. Jenkins, of Pittsburgh, in both the 145-pound and 155-pound classes.

David Burns, of Seattle, downed the champion in the 145-pound class and Oliver Runchey, of Seattle, gained the decision over him in the 155-pound division.

A spectacular contest was furnished by George Sawtelle, of Lehigh University, and E. Daggett, of Los Angeles, Sawtelle winning the decision.

In the 108-pound class Larry Benner, Swedish-American A. C., Brooklyn, defeated Howard Browne, of the University of Nevada. C. Moulins, of the New York Greek-American A. C., was defeated by H. Bassett, of Gary, Ind., in the 115-pound competition.

SOME SHOTS OFF

Although golf is supposed to be a game for Scots and other Britons, Count von Bernstorff, the German Ambassador, found time from his duties to visit the links of the Chevy Chase Club, in Washington, last Friday.

No mention was made of his score. This is the links often used by President Wilson and his companion, Dr. Grayson.

Parsons' Derby Entry Shows Weak in Belmont

Phosphor, Sharpshooter and Two-Year-Olds Leave the Bay for Kentucky Tracks.

The last of the Eastern Derby candidates have departed for Kentucky. Phosphor and Sharpshooter, the Schuyler Parsons three-year-olds, which will face the barrier in that event, left Sheepshead Bay for the Lexington course yesterday afternoon. Accompanying this pair were the Belmont Futurity eligibles, Phosphor and Scottish Knight. These four thoroughbreds are owned by Mr. Parsons.

The Oneck Stable division of the shipment consisted of Forecast and the two-year-old colts, Phosphor and Scottish Knight. William Karrik "set down" Sharpshooter and Phosphor on Saturday morning for the first time over a mile route, and the pair worked the distance in 1:40.2 and 1:41.2, respectively. Both appear in fine condition and should race exceedingly well in the sprints at Belmont Park.

S. C. Hildreth had all the Belmont horses on the track and Flittergold's was the best trial of the lot. All went three-eighths of the barrier. Rock View, the star of the string, galloped a busy half hour at the webbing. This five-year-old kicked and plunged at the barrier for thirty minutes before breaking. He then got off very badly and ended the trial in 1:40.2.

During the winter the stable connections thought he had lost all his meanness, but the sight of the barrier brought back his distemper with added force. From his behavior yesterday he will spend plenty of time on the cooling list this summer.

Mattie Corbett, who raced a stable of good performers some years back, has purchased Coquette from C. J. Quinn, and this signaled his return to the ranks of owners. This filly was one of the best two-year-olds brought to the race last year by George Oakes. She raced exceedingly well under his handling. Her purchase price was not made public.

SMALL FIELD MARATHON

Runners from Nine States to Compete at Boston.

Boston, April 18.—Runners from nine states and two Canadian provinces will compete to-morrow in the American marathon over the twenty-five miles of roads between Ashland and Boston. While the field of seventy-five entrants is the smallest within recent years, it includes many athletes of high grade, who are expected to make the struggle for leadership a keen one to the finish.

Canadian runners are prominent among the favorites. Among them are Edouard Fabre, of Montreal, who finished second in last year's race; Arthur Jamieson, of Hamilton, an Indian, who won the annual Hamilton race seasonally last fall, and Walter J. Bell, of Montreal, winner of fourth prize in last year's event.

Chief Horse, of the Dorchester Club, New England's ten-mile champion, Charles Brown, of New York, winner of the Brooklyn Sea Gate marathon; Nick Giannopoulos and Frank Zana, of the same city, and William Kennedy, of the Illinois Athletic Club, are other runners who are entered.

Other runners who are entered are Edward Martineau, Montreal; Sidney Hatch, Chicago; R. H. Wentworth, New York; J. J. Lynch, Washington, D. C.; Hugh Henson, George B. Moss, William G. Wilson, Jack J. Dermott, George W. New York; George W. McNeerney, Harry A. Galvin and J. J. McKeeney, Philadelphia; Joseph H. Christon, Lowell; Percy Wyse, Toronto; J. Weiss, Germantown, Penn.

Behr Worthy of Praise for Gaining Place Next to Williams in Ranking.

By FRED HAWTHORNE.

Robert Lindley Murray, the Leland Stanford University student, who was placed fourth among the lawn tennis players of this country by the ranking committee last December, is one of the most popular men on the American courts to-day. His smile is infectious, his humor contagious and his love of fair play and a square deal made him friends wherever he went in the East last summer.

Karrik remained at the Bay under the charge of his son, Kenneth. This lot will be sent over to Belmont Park shortly.

The best trials of the morning were registered by Flittergold and Yankee Notions. Flittergold sent the first named three-eighths in 0:35.2-5 from the barrier. Then Karrik brought the Oneck Stable's flashy chestnut on the track, and he equalled the time on the Belmont sprinter for the distance. Both appear in fine condition and should race exceedingly well in the sprints at Belmont Park.

His smile is infectious, his humor contagious and his love of fair play and a square deal made him friends wherever he went in the East last summer.

Not all the California lawn tennis men who have created havoc on Eastern courts within the last two or three years are so well liked as Murray. Several of the "native sons" last summer seemed impressed with the idea that he was not only a star, but a man of the Golden West.

Murray, on the contrary, is modest in the extreme, and when he started his home on the East, he was regarded as a "newcomer" in the tennis world. The metropolitan title, the tournament of the Meadow Club, at Southampton, and figuring prominently in half a dozen other tournaments, including the defeat of Karl Bohr, Walter Merrill, Hall and Frederick B. Alexander in a single afternoon at Sleepy Hollow, was just the same unassuming chap who first reached the East unheralded.

ARMY NINE LEADS IN WIELDING BAT

West Point Men Compile Ty Cobb Average in Early Season Games.

DARTMOUTH TEAM IN SECOND PLACE

Benson, of Columbia; Coffin, of Army, and Douglas, of Tigers, Are Individual Leaders.

West Point seems to have the making of a championship baseball team this year, if its batting in the games it has played so far this season is an indication. The Army nine in four games has compiled an average with the stick of .381, and has hit into double figures twice.

Although the season is still young and the pitchers have not begun to loosen up, heavy batting seems to be the order on all teams, with only a few exceptions. Amherst and Williams both seem to be suffering from a lack of consistent clusters, and are far down in the list, although not so far down as Brown, which in its first two games faced the pitchers of the Providence Grays and Boston Braves, and consequently has not had an opportunity to show its real strength.

Dartmouth, which has been spending the week in the vicinity of New York, is next to the Army in point of heavy hitting, with an average of .324. Columbia, which has played seven games, has the average of .303, 40 points higher than the Navy. Princeton in ten games has hit for .234.

The other teams follow in this order: Cornell, .218; Yale, .209; Pennsylvania, .204; Harvard, .193; Amherst, .178; Williams, .160, and Brown, .107.

Rensselaer, of Columbia; Coffin, of the Army; Douglas, of Princeton, and the outstanding individual batsmen. Douglas has a batting average of .337 for ten games, having made 15 hits in 42 times at bat, including 2 two-baggers, 1 triple and 3 home runs.

The averages through Wednesday of last week are as follows:

Team	W	L	T	Points
Army	10	0	0	10
Dartmouth	8	1	1	9
Columbia	7	2	1	8
Princeton	6	3	1	7
Yale	5	4	1	6
Pennsylvania	4	5	1	5
Harvard	3	6	1	4
Amherst	2	7	1	3
Williams	1	8	1	2
Brown	0	9	1	1

As Polo Players Actors

Prove Good Comedians

Frank Tinney's Terrors, with Vernon Castle in Spotless (at First) White Breeches, Play for Spotlight, While Sheriff Pettit's Team Piles Up Chukkers at Massapequa.

(From a Staff Correspondent of the Tribune.)

Massapequa, Long Island, April 18.—Frank Tinney's Terrors were counted out this afternoon as contenders for the international polo championship, which is to be played at Massapequa, Long Island, on May 1. Tinney, a noble captain, whose bright green jersey could be heard almost from the Merrick Road grounds to the railroad station, the actor-politicians went down in a readily expected rout. Sheriff Steve Pettit's formidable troupe of bronco riders. Some said at the end of the match that the score was 4-2, but others who had watched more closely were less certain about the actual count.

All Massapequa was out to see the Long Island riders, augmented by a Texas cattleman and one actor, send Tinney's comedians back to the trenches tagged with a defeat sign. A good part of Long Island motorists who passed along Merrick Road also stopped to view the carnage.

Tinney had all his stage friends on hand to root for him, but despite the keenness of the play, many of them had to hurry back to Broadway before the last long period was begun. There were so many actors there that they were all assembled into an "all-star" production the theatregoer would probably have to pay a couple of dollars for a seat in the family circle.

Like a Professional Matinee.

Charles King motored down to watch his colleagues at the polo. Your Grace, give them their exhibition of plain and fancy riding around the field. Then there was Harry Fox, who made merry for a few moments at the expense of the polo players. Belle Ashlyn also dropped over from Freeport to witness the fray, and Douglas Fairbanks gave up a perfectly good game of golf to visit the match with Clifford Crawford. Fairbanks and Crawford were really martyrs, for they stayed till the game was finished.

But despite the rosters for the Thespians a louder shout went up from the gallery when Steve Pettit, a good part talent, took the field for the first time after he had made many futile swings. This is to imply that there were also natives on hand, cheering for the Freeport talent.

A good part of the match being scheduled for 2—Frank Tinney and family appeared on the horizon with a train of mounts, and the actors warned their horses to begin the show.

VETERANS GET PRIZES

Trophies in Rifle Match Presented by Col. Appleton.

Colonel Daniel Appleton of the 7th Regiment presented the prizes won at the recent competition between the rifle teams of the Veteran Military Association at a dinner in the mess hall of the 7th Regiment on Saturday night. Captain F. T. Alder, president of the association, presided.

The principal prize, the McAlpin trophy, went to the 7th Regiment team, and its captain, Sergeant Relyea, received a brass clock as an individual prize. Each member of the team received a medal, a replica of the McAlpin trophy. Members of the other teams that competed, as well as many military guests, were present. The speakers included General John G. Edye, Colonel Stokes, Colonel J. Byrne and Captain C. J. Craft, of the 7th Regiment. Also present included J. W. Masterston, Fred T. Alder, William Preston, L. L. Higgins, John M. Deemer, C. C. Ellis, Paul J. Roehetti, W. Grant Cook and C. G. Cutter.

JERSEY SOLONS TO QUIT TUESDAY

Republicans in Legislature Proud of Record Made at This Session.

Trenton, April 18.—The curtain will fall on the present session of the Legislature some time Tuesday night. The exact hour has been fixed at 3 o'clock Tuesday afternoon, but it is not thought this Legislature will differ in this respect from any other, and it will probably be many hours after that time when the Republicans feel gratified at the accomplishments of the session. They say they have fulfilled their promises to the people. The programme of economy and efficiency has been carried out; the tax system simplified and improved; the civil service system reorganized to permit the people to vote on the constitutional amendment, the resolution to provide an easier method of amending the constitution, the bill to abolish the abolition of compulsory scores of other credit bills have been enacted. It is upon this record the party is willing to go to the polls for the people's verdict next fall.

Speaker Godfrey has about given up the attempt to have the Morris Canal abandonment bill passed. Governor Fielder has spent his time since last Thursday selecting the members of the boards created under the scheme of economy and efficiency. The opinion of the Attorney General that the Governor could name the members now and have them confirmed by the Senate before adjournment necessitated prompt action on the part of the Executive. It is expected that he will send to the Senate to-morrow night the names of the members of the Board of Health, Board of Taxes and Assessments and the Board of Conservation and Development.

The Department of Taxes and Assessments is the only one which pays salaries to its members. Those who seem to have a chance to go on this board are L. E. Russell, of Burlington, a member of the present Board of Equalization; Charles E. Hendrickson, of Jersey City, a member of the present Board of Assessors; former Assemblyman George D. White, of Camden; former Senator John G. Horner, of Burlington; and Owen G. Conlon, of Newark.

Lake Victim May Be Suicide.

(The Telegram to the Tribune.)

Tuxedo Park, N. Y., April 18.—The autopsy on the body of the woman found in the outlet of the Wee-weah Lake at Tuxedo Park yesterday failed to reveal any reason for her death. The medical men believe the woman committed suicide by jumping off the dam into the lake, which is about twenty-five feet deep, and that the body floated down to the outlet.

World Movement to Have Future of Race Considered at Peace Congress After War.

The first official step in what is considered the greatest of Jewish movements since the fall of the second Temple, 2,000 years ago, was taken yesterday by the delegates of 300,000 workers of this city to plead with the United States to intercede in behalf of persecuted Jews in Europe and Asia.

It was the first of
